### **Aquamantra Ambassador Label Program**

Welcome to the wonderful world of Aquamantra! We are so excited that you are going to assist us in our mission to raise consciousness! Our Ambassador Label program is a great and easy way to get involved right now. Please read the program guidelines below and let's get started fabulous creator!

There are two ways to be involved. The first is to be an Ambassador and sell packages of labels directly, to friends, family, office managers or individuals. It is important that you understand the process of how water is converted in its molecular structure using the words and information on the bottle, but we will help you and give you all the supporting tools needed to do this.

The second way is to sell wholesale directly to retailers. In these instances, you can sign vendors up using our retail application and take an order, and then we will invoice the company. Once we receive payment, we will issue the labels to the company or vendor, we will post a photograph of them on our website with their address and phone number, and we will issue you a 15% commission on the sale. It's that simple!
